To whom it may concern:

Alexandra Reynolds of Cargill Interiors has worked with us on several projects for our Juno Beach condominium. She assisted with the complete renovations of both our pool cabana and our master bath. She handled all phases of the drafting and planning for each and then served as the onsite manager during construction. In addition, Ali served as the liaison among the contractor, subs and decorator, ensuring that deadlines were met and quality was maintained.

Since we currently spend 95% of our time in New York, we needed a capable person in Florida with a strong sense of aesthetics to be our "set of eyes" during our construction, making both architectural and décor-related decisions at the job site. Ali was very effective at both catching errors before they became problematic as well as coming up with creative solutions to roadblocks that we encountered. We are very pleased with how both projects turned out.

I recommend Ali Reynolds to anyone in the greater Palm Beach area who might be planning home construction/improvements. She is a capable and conscientious professional with a talent for design and an eye for detail. If I can provide further information, please do not hesitate to call me at the number listed above

Sincerely,

Nick Rubinstein
