To Whom it may concern,

I would like to recommend Mrs. Ali Reynolds as a gifted project manager overseeing communication with the architect and interior designers. It is a critical asset to have Alexandra on the job because she has a keen sense for details.

The architect and interior designers know Ali's deadlines keep the project moving along more efficiently. Ali can coordinate all the trades. Ali is an excellent communicator with regard to finishing client wants and needs on the job.

Ali has great taste. The strongest feature was her guidance in the cabinetry design throughout our home. We are impressed.

Best wishes,

Sarah H. Trulaske
